

## History

Birds Group has its roots from an engineering and construction company. It was started in 1975 as Civil and General Constructors Ltd. (CGC). Within a couple of years the company had a rapid growth. To comply with the growth and activities it expended its wings to cover the necessity. It also build-up a number of companies to look after diversified areas. Luba Prokaushali Sangstha Ltd. was incorporated in 1980, initially to handle import of CGC's construction material. Luba's current sphere of specialization embraces representation of overseas manufacturers/ project developers as their local associates. Birds Air Transport Ltd. (BAT) was set up in 1986 to recruit and export manpower.

## About Us

**BIRDS GROUP** started its journey in the realm of garment sector in 1984 with its first unit **Birds Garments Limited** with two woven production lines with a small capacity unit.
